

TABLETOP CONTROLLER

For Converge Pro Professional Conferencing Platforms

ClearOne

An intuitive, cost-effective tabletop controller for ClearOne's Converge™ Pro platforms. It greatly simplifies control of an audio conference without the need for a touch-screen panel control system. User-definable keys offer simple control of basic audio and presentation functions.

AN INTUITIVE,
AFFORDABLE
CONTROLLER
FOR CONVERGE
PRO

APPLICATIONS

Conference Rooms

Boardrooms

Courtrooms

Distance Learning Facilities

Training Rooms

Programmable Functions:

- + Presenter mic +/-
- + Lights on/off
- + Projector on/off
- + Screen up/down
- + DVD/CD/VCR volume +/-
- + Record call start/stop
- + Other audio & presentation functions

ADVANTAGES

Simple, Intuitive Operation

- + New VoIP Controller for Converge Pro VH20
- + Also controls Converge Pro 880T, 840T, TH20, 88TA
- + Dial pad resembles telephone keypad for instant familiarity
- + Users can start and run an audio conference call as easily as dialing a phone no training required
- + Uses actual buttons instead of touch panel screen, which is less intimidating to untrained users
- + Buttons are limited to essential audio conference, presentation, and room controls

Affordability

- + Costs less than touch-screen panel control systems
- + Simplified setup for user-definable keys saves programming time and expense compared to touch-screen panel control systems
- + Combined with Converge Pro delivers affordable professional audio conferencing system solution

Room Control Flexibility

- + Offers full audio conference dialing functions and basic room audio control out of the box.
- + Also offers five user-definable keys to manage the most commonly-used audio and presentation control functions, such as lights on/off, projector on/off, and screen up/down.

Attractive, Functional Design

- + Sleek design fits perfectly on any boardroom table
- + Weighted base gives controller substantial feel
- + Pre-printed labels with common presentation, audio conference, and room control functions apply easily to user-definable keys

> COMPONENTS

TABLETOP CONTROLLER
Wired controller connects directly to serial port of Converge Pro VH20, 880T, 840T, TH20, 880TA along with power source, using the included Y-cable

CONTROLLER BUILDER SOFTWARE
Intuitive interface allows for simple configuration of user-definable keys--execute presets and macros on the Converge Pro or control third-party devices connected to the Converge Pro.

> SPECIFICATIONS

Tactical Keypad

Dial Pad: 12 total buttons
Volume Controls: Up, Down
Call Functions: On/Off, Flash, Redial, Mute
User-defined Keys: 5 buttons

LCD

Display Type: 3-line 16-character matrix
Backlight: No

Microprocessor

Internal Memory
Serial Interface to other subassemblies
Master Reset

Connector

Tethered female RJ-11 female connector

Interface Cabling

Cable Type: CAT 3, CAT 5, or CAT 6 cabling
Cable Gauge: 24 gauge
Maximum Distance: 150 feet between mixer and Tabletop Controller

Communications

Type: DTE
Physical: RS-232
Baud Rate: Selectable (38.4 or 57.6K baud)
Flow Control: None

Power Supply

Primary Voltage: 100 to 240 VAC auto-sensing 50-60 Hz
Secondary Voltage: 12 VDC
Wattage: 5 watts
Average Current: 100 milliamps
Connection: Positive Center/Grounded Shield

Environmental

Operating Temperature: 32 to 122 degrees F
Humidity: 15 to 80%

Mechanical

Dimensions (WxDxH): 10.5" x 4.5" x 2.75"
Weight: 2.0 lb (.91 kg)

Part Number

910-151-890 Tabletop Controller (POTS only)
910-151-891 VoIP Controller (POTS & VoIP controller)
